Fax : 02-521-7156-7

**smooth and elastic
metal money clip
Not hand scraping**

Selected material

The housing shell is made of SPCC with high strength and strong bearing capacity. The bottom plate is made of ABS thickened plastic

3 position function lock

Manul release by key
Electronic release
Drawer dead lock function

Warning

Cash drawer keys (2 pieces) are one-on-one, but not absolutely. So please keep it safe. If you lose the keys, you can only use another cash drawer or repair.

Two checking slots

Receipts, cheques, cash, etc.
can be inserted from here

The coin tray is removable.

So it is easy to take out or
put into receipts, cheques,
cash, etc.

The coin slots and bill slots are convertible as needed.

The two bill slots can be changed to coin
slots by removing the two clips on the
right of the coin tray.

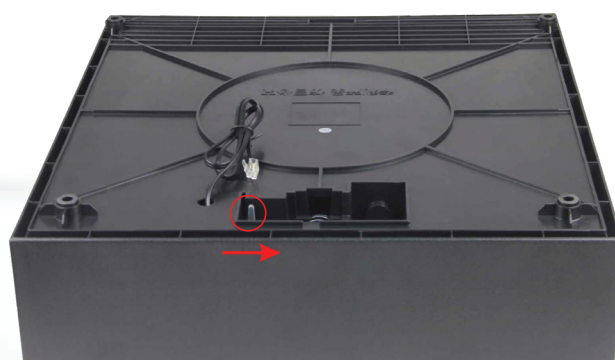

Cash drawer tray adopts ABS plastic.

The whole bill and coin tray can be
taken out and the number and size
of the bill grids can be adjusted.

Smooth roller

to make the cash drawer
opened or closed smoothly

Emergency switch

The emergency switch is reserved at the bottom of the
cash drawer, and the cash drawer can be opened by
turning the switch in the direction of the arrow.
